WHAT'S NEXT SMALL BUSINESS CEO ROUNDTABLE

OVERVIEW

Running a company of any size can be a challenge. For a small business owner, it can be a lonely one too. Wouldn't it be helpful to have a group of peers where you have a forum for exchange of information, ideas, insights, and perspectives?

That's what our WHAT'S NEXT CEO Roundtable is all about - a place where you can work through your specific business issues with fellow small business owners.

This is not a networking event. It is a peer-to-peer group that provides a secure environment for open, confidential discussions about concerns, problems, and opportunities a member may be facing.

Our Whats's Next CEO Roundtable is a professional business meeting consisting of small business Presidents, Owners, and CEOs from Washington County. The group will consist of 10 to 12 members from non-competing companies.

The purpose of the group is to provide a gathering for the exchange of information, ideas, insights, and perspectives. All meetings are completely confidential which provides a secure environment for open discussions about concerns, problems, and opportunities a member may be facing. On occasion, guest speakers will present ideas and solutions to roundtable members.

The value of joining and attending our monthly CEO Roundtable is to learn from peer-to-peer experiences through a facilitated roundtable conversation. You benefit by learning from each other's achievements and mistakes.
